ADVOCATE GIRLS REACHED CAPITAL AT NOON TODAY

DELIGHTED WITH TRIP OVER
B. & O. IN SPECIAL PULL-
MAN "HINDOO."

GO TO MT. VERNON BY BOAT

Will Return to Washington Tonight
and Spend Evening at Fine
New Library.

(By Staff Correspondent.)

Washington, D. C., Aug. 6.—The Advocate party arrived this afternoon earlier than expected, the train pulling into the station at 12:50. The weather here is fine. Corry Stadden, a Washington newspaper man, and a former Newark boy, met the party at the hotel and greeted all the young ladies. The entire party is in the best of health.

Washington, D. C., Aug. 6.—After an enjoyable ride in their special Pullman, the "Hindoo," attached to the Baltimore and Ohio flyer No. 3, the Advocate girls arrived from Newark this noon in the best of spirits. Miss Taylor and Miss Bentz who had not been well, are improved today and feel that the trip will be a benefit to them. The members of the party were up bright and early this morning in order to view the splendid scenery on the eastern end of the route. A stop was made at Cumberland, Md., this morning where a good, steaming hot breakfast was served in the dining car, and after a short intermission, the trip was resumed, arriving at the National capital at 12:50 o'clock.

The party was met at the railway station this noon by a huge automobile which carried the entire number to the Riggs House where first class apartments had been reserved. After lunch the girls will have a short rest and proceed then by steamer, "Charles McAlister," to Mt. Vernon, the home of Washington. This is a 32 mile trip by water and the girls are anticipating the pleasure with keen delight. The boat passes Arlington, the home of General Robert E. Lee, and the resting place of many thousand Union soldiers, the United States Arsenal, the place where Mrs. Suratt and others were executed, Potomac Park, Alexandria, Va., Forts Washington and Hunt and numerous other interesting places will be seen enroute. The girls will remain at Mt. Vernon an hour and will return tonight in time for dinner at the Riggs House. This evening the majority of the party will doubtless go to the new Congressional Library building, which has just been completed at a cost of over six million dollars. Those who prefer to go to a theatre may do so, but in the month of August the theatres are not offering the best of attractions, and the girls therefore prefer to go to the library which with its thousands of rare books, and historical documents is the finest of its kind in the world.

The accommodations on the B. and O. train from Newark were the best and the young women are delighted with the trip so far. "We are having the trip of our lives," is the way one of the girls stated it on the train this morning. That expresses the situation exactly. Nothing is too good for the Advocate girls and this thought will be uppermost throughout the entire ten day trip.

Tomorrow will come the auto sight-seeing ride, the visit to the White House, Capitol, government buildings and to the top of Washington monument. In the evening the party will go by special car to Richmond, the capital of the Confederacy.

The girls were much pleased with their banquet at the Sherwood last night an said many complimentary things about the management. Mr. Clark C. Doughty, the manager of the Ohio Excursion bureau, who piloted the Dispatch girls down here last month, is with the Advocate party and already he has established a reputation as the man for the place. Mr. Doughty is genial, capable and always ready to do his part in making the trip successful. The girls like him.

ELEGANT DINNER

Enjoyed by Advocate Party at the
Sherwood—Guests Seated at
One Long Table.

The first event of the trip was the dinner at the Sherwood, and if the success of it is any precedent, it augurs well for the pleasure of the whole. Newark has had some famous banquets, but certainly none excelled that served last night to the twenty-seven guests of the Advocate and Age party. All were seated at one long table, which was most at-

Tangier, Aug. 6.—Advices late this afternoon from Casablanca say that the native losses in the fighting there numbered 150 persons killed or wounded by bayonets and 400 were struck by shells. Part of the town was in flames when the message was sent.

Tangier, Morocco, Aug. 6.—Open hostilities resulting in the injury of five French officers and sailors, the bombardment of the villages surrounding Casa Blanca by French and Spanish warships, many casualties among the Moors and a demand that the Moorish commander surrender to the French consul under a threat to raze Casa Blanca today marked the most serious breach of the truce there. The French admiral ordered 150 sailors to go ashore from the cruiser Galilee to protect the French consulate. The Moorish troops and tribesmen looked upon the landing of the men as an invasion and opened fire upon them. Five officers fell at the first volley. Six sailors also had been wounded when the Galilee began the bombardment from the harbor. When the shells began breaking over the town, the Moors quickly fell back and the French sailors were able to take up the wounded and care for them.

The French cruiser Duchaya quickly joined the Galilee in the bombardment and the Spanish cruiser Don Alvarado Vanzan also joined in sending shells over the town. The bombardment was confined chiefly to the villages surrounding the town. Many dwellings of various kinds were shattered and it was impossible to learn the casualties.

Large reinforcement of tribesmen from the outlying districts were rushed into the city.

Gathering confidence, the town battery began firing at the cruisers and immediately the guns from the ships were trained upon the fortifications. After two or three shells had been sent among the land guns the Moorish commander signified his desire to mediate. When communication was established the Moors sought the pardon of the French admiral for firing on the sailors. This request was peremptorily refused and in such a way as to indicate that heavier toll than an apology was demanded and must be forthcoming.

The Moorish commander was informed that the only way he could prevent the continuation of the bombardment would be to surrender absolutely to the French consul.

The Spanish gunboat then landed sailors to protect the Spanish consulate.

Paris, Aug. 6.—The government expects that the infantry will be landed at Casablanca on Wednesday afternoon and that the artillery and cavalry will be disembarked Friday and Saturday. Germany has assured France of her entire approval of the Moroccan program. To all diplomatic visitors, Foreign Minister Pichon emphasizes the fact that France and Spain will not exceed the terms of the Algeiras convention.

Raisuli's Statement.

Tangier, Morocco, Aug. 6.—In a long statement to the correspondent of an English newspaper Raisuli, the Moroccan bandit who is holding Caid Sir Harry MacLean a prisoner, blames the treachery of the sultan's government for his capture of Sir Harry. Raisuli says that in the course of his negotiations with the man who is now his prisoner, previous to his capture, he explained his grievances, and Sir Harry promised him a safe conduct if he would go to Fez and lay his troubles before the sultan, who would remedy them. He accepted this offer, but while he was arranging for the journey government troops, instigated by the sultan's bad advisers, Sidi Mohammed Gabbas, the Moroccan minister of war, and General Baglan, chief of the sultan's army, plundered and devastated his property at Zinat and captured some of his relatives. This, continued Raisuli, convinced him of the treachery of the sultan, and he therefore made a prisoner of the English Caid. Sir Harry, Raisuli declares, is perfectly safe in his hands. He did not capture him for money, but for justice, and this he hopes to secure by calling the attention of the British government to his grievances.

Oran, Algeria, Aug. 6.—The French Second naval division, under the command of Rear Admiral Philibert, arrived here on its way to Moroccan waters.

ABE REUF LIVES HIGH OUT OF PRISON

San Francisco, Aug. 6.—A suit was filed in the superior court by J. P. Murphy, a taxpayer, for writ of prohibition to prevent Treasurer Bantel from paying any more bills incurred by Elisor Biggy in taking care of Abraham Ruef. The complaint points out that Ruef now costs the city about \$2,000 a month, while the prisoner might very well be kept at the county jail at a much more reasonable price.

Casablanca Still Terrorized.
Washington, Aug. 6.—The state department received a cablegram from American Minister Gummere, now in Tangier, Morocco, stating that the government troops have occupied Mazagan. French cruisers were sent there and two other cruisers were sent to Casablanca. More refugees from Casablanca have arrived at Tangier and report that the town is still terrorized.

KILLED HIS WIFE FOR A BURGLAR

BROKE PROMISE TO MARRY AND MUST NOW GO TO PRISON

Leavenworth, Kan., Aug. 6.—Private James M. Pyne, Sixteenth battery, siege artillery, is to serve three years in the military prison here for breaking a promise of marriage and borrowing money with intent to defraud. It was shown in the court martial that Private Pyne became engaged to an army nurse in Cuba; that he was transferred to Fort Leavenworth, and wrote to the girl asking a loan of \$500 to fit him out with uniforms and other equipment made necessary, he said, by his having passed an examination, which was false.

Strangles Two Children Before Police Could Rescue Them—Is Under Arrest.
Baltimore, Aug. 6.—During a recurrence of insanity, which caused her to be twice confined in an insane asylum, Mrs. Christine Nenadel, 26, the wife of Jos. Nenadel, strangled her two children. Suspicion was aroused by sounds coming from the Nenadel home. Neighbors tried to enter, but found all the doors locked. A policeman finally broke open the door, but was too late to save the lives of the children. The mother is under arrest.

COHEN IS DEAD; GIRL'S BROTHERS HELD BY POLICE

DAYTON MYSTERY DEEPENS AS
POLICE PUSH THEIR INVESTIGATION.

THE GIRL WAS ASSAULTED

Attempt to Have Cohen Identify Suspects Failed—Police Working Diligently.

Dayton, Aug. 6.—Abraham Cohen, who was shot Sunday night when Anna Markowitz was murdered, died this morning. The doctors who conducted the autopsy on the body of the girl, say positively that she was criminally assaulted before being murdered. The crime remains a deep mystery.

"Harry, oh Harry!" This cry, said to have come from a woman's voice full of anguish and reproach, may have considerable bearing in solving this mystery. The cry was heard by Eliza Virus, a negro housekeeper for W. O. McCabe.

McCabe's place is situated about one hundred feet from the spot where the shots were fired. The colored woman said: "Between ten minutes to ten and ten o'clock Sunday night, I was startled by a shot. Immediately after the shot I heard a woman's voice cry out, 'Oh, Oh, Oh, Harry.' After that three shots followed in quick succession and intermingled with them, I hear a voice cry out in reproachful tones, 'Harry, Harry, Oh Harry!'"

Bertha, the sister of the dead girl, was accused last night by her brother Harry with concealing facts regarding the murder.

"I don't know an more," replied Bertha.

"You do know more," replied the brother. "There was a fourth party along, a man, you are shielding him."

"There wasn't any other man along. Just us three. That's all, I tell you."

Before Cohen died the Markowitz brothers were brought before the dying man. He said Harry was not the man who did the shooting. He at first made a similar statement about Jacob, the younger brother, but as Jacob was being led away he said: "That looks like the man who did it."

Later, however, he changed his mind, and said Jacob did not look like the man.

As Cohen was partially out of his head, his statement is regarded as unimportant.

Tariff Revision Imperative.

The New York Tribune gives a very
good reason for reducing the Dingley
tariff in that it is piling up unneeded
revenue in the Treasury. This should
be a sufficient spur to revision. There
is, however, a more urgent reason that
The Tribune does not urge. "The tariff
puts a far greater yearly surplus in
the pockets of the Steel Trust, the
Sugar Trust and other favored monop-
olies than it contributes to the Federal
Treasury. Consumers are deprived
thereof without any resulting benefit.
Still, it is fine, it is encouraging to
have the foremost champion of pro-
tection duties go a part of the way in
advocating a needed but belated relief.
The Tribune says:
It is apparent that the Dingley tariff
is now producing a larger revenue
than the country needs, and this con-
dition, though not embarrassing for a
year or two, should not be permitted
to become chronic. There is no
economic excuse for collecting unneces-
sary taxes or piling up a surplus
simply for the purpose of distributing
it among the banks in the form of
non-interest bearing deposits. A
plethoric Treasury invites extrava-
gance in legislation, and the ideal in
fiscal administration is to balance as
nearly as possible national needs and
income. We can go along for a year
or two with an ill-adjusted budget.
But some modification of our present
tax laws will be imperative by 1909 or
1910. Public opinion does not incline
toward decreasing the internal taxes
on spirits, malt liquors and tobacco.
But if these are to be maintained the
customs schedules must be revised,
both with a view to modernizing them
and redistributing the protection
which they afford and with a view to
decreasing customs revenues. Thus
both political and administrative con-
siderations unite to suggest the wis-
dom of revising the tariff in 1909.

WEAKNESS IN THE LAW

There is something wrong with the
State's divorce law or practice when
such a scandal as Dan Hanna of
Cleveland, is allowed to perpetuate
it. A few years ago his first

a woman who had been divorced. A
few days ago this second wife ob-
tained a divorce also, with ample
money allowance and custody of child.
Almost immediately Dan Hanna mar-
ried again. If this is not progressive
polygamy, what is it?—Timely Topics.

FRESH VICTIM
OF MOB SPIRITS

Found Daily In the Crime District
of New York.

EACH ONE GETS A BEATING

The Police Seem Powerless to Prevent
Outbreaks of the Enraged Populace
and an Additional Detail of Five
Hundred Men Will Be Asked For
at Once.

New York, Aug. 6.—The latest crime
against womanhood in the New York
murder district is charged against
Lucia Fontana, an Italian, who is now
locked up awaiting a hearing on a
charge of assaulting little two-year-old
Antoinette Taluci, the child of Mr. and
Mrs. Pasquale Taluci of Brighton
suburb.

Fontana and Taluci are both laborers,
employed at the King plaster mills in
New Brighton, and Fontana boarded
with Taluci and was left alone with
the little child while Mrs. Taluci went
shopping. The mother had not gone
far from the house when the child's
screams brought her back. When she
saw Mrs. Taluci, Fontana rushed from
the house, Mrs. Taluci following him.
Her cries brought out the neighbors,
and soon a mob was following the
fleeing Italian down the street. The
pursuers soon overtook the man and
he was knocked to the ground, where
he was severely beaten and kicked by
men and women until a policeman ap-
peared and fought off the crowd.
Fontana was held in \$5,000 bail on a
charge of criminal assault.

Angeline Condanti, a six-year-old
child, was found terribly bruised in a
thicket near the village of Linoleum-
ville, Staten Island. She had been at-
tacked by an unknown man.
John Ambro, an Italian laborer,
was arrested in Brooklyn on a charge
of attempted assault on two little girls.
Daniel Lalo and Frank P. Boly were
arrested on similar charges.

Deputy Police Commissioner O'Keefe
asked the mayor and the board of es-
timate and appropriations for funds to
employ an additional 500 policemen.
The request will be acted on Wednes-
day.

The arraignment of two Italians in
Lee avenue court, Williamsburg, dis-
closed another attempt made to as-
sault a young woman. The two assail-
ants were nearly lynched by a mob,
which was finally driven off by the po-
lice. The young woman was Miss
Sadie Hasenflug, niece of State Sen-
ator Hasenflug. She was talking with
her fiance when two Italians, who gave
her names as John Montelone and
Peter Condoso, attacked her. The
Italians were overpowering Miss Ha-
senflug and her fiance when the girl's
screams brought a crowd.

SMITH'S REPORT

Doesn't Suit the Standard Oil Com-
pany's Officers a Little Bit.

New York, Aug. 6.—John D. Arch-
bold, vice-president of the Standard
Oil Company made a statement in
which he declared that the company
was not given an opportunity to hear
or submit data in the preparation of
the report prepared by commissioner
of corporations Herbert Knox Smith
and made public. Mr. Archbold's
statement follows: "On Saturday Aug.
3, Judge Landis announced his de-
cision. On Monday Aug. 5, Commis-
sioner Smith's report is given to the
public. This remarkable report of Mr.
Smith marks another coincidence in
the utterances of the different depart-
ments of the government in their at-
tacks on us that have occurred so
frequently as to rob them of even the
appearance of being accidental. In
connection with its publication it may
not be amiss to remind the public that
the act creating the bureau of corpora-
tions provides that such reports shall
be made by the president for the pur-
pose of guiding him in forming sug-
gestions as to legislation and that they
may be made public in whole or in
part only in discretion of the presi-
dent. It is sufficient now for us to say
that in the preparation of his report,
Mr. Smith did not see fit to even con-
fer with us. We think the public will
agree that we are at least entitled to
be heard in such matter. If Mr.
Smith had seen fit to confer with us
we would have readily furnished him
the data for a truthful statement of
the facts on this question."

glass and silver.

The Sherwood dining room is most
artistic with its rich coloring and
handsome finishing, simple in design,
but restful to the eye.

The party were all in travelling at-
tire but the dainty lingerie waists,
and attractive hats lent a festive
touch to the ensemble.

The menu cards gave faint hint of
the real delights of the banquet, for
each course excelled the previous in
its delicious flavor and toothsome
quality. It speaks volumes for the
management of the Sherwood that
he has secured a chef of such epur-
ean qualifications for from the chilled
fruit to the coffee and cheese, every-
thing was seasoned to a nicety and
cooked to a perfection unsurpassable.

The good fellowship that was man-
ifest among the guests promised a
delightful trip, not only from a topog-
raphical standpoint, but from a con-
genial, social standpoint. The few
guests that did not accompany the
party were full of regret as they bade
good bye to the happy company.

Those seated at the banquet were
Mrs. H. R. Emery, the chaperon, the
Misses Estella Emery, Clara E. Em-
Anna Stare, Maude Bots, Mame
Benz, Alice L. Young, Mildred Hays,
Susie G. Davis, Florence Madden,
Hannah Beaver, Earle Goff, Cora
Dair, Maggie Taylor.

The following young ladies were
members of the Age party: Misses
Minnie Bonham, Minnie Keehn and
Ethel Stanton, Nellie McCormick
Sue McCarthion. Other guests present
were Mr. and Mrs. R. C. Snyder of
Coshocton, Mr. and Mrs. A. H. Pier-
son and Miss Dora O. Lisle, Mr. and
Mrs. Charles H. Spencer of Newark,
Mr. Clark C. Dougherty of Columbus.

CHEERS FROM CROWD
FOR ADVOCATE GIRLS

After partaking of an elegant ban-
quet at the Sherwood the party soon
left for the B. and O. depot ready to
board their special car "Hindoo."
They found several hundred friends
awaiting their arrival who has as-
sembled to bid them good by and wish
the tourists God-speed and a pleasant
journey. Everyone was in the best of
spirits and the girls were kept busy
bidding their friends good-bye.

At 8:30 the train pulled up to the
depot, the last farewells were said,
"all aboard," was shouted by the con-
ductor and after a warning clang of
the engine's bell the Advocate girls
had begun their journey.

GENERAL PAYS FOR
A BIG REUNION

Veterans Will Be At No Expense on
Trip To Colorado—A Unique
Plan.

Colorado Springs, Colo., Aug. 5.—
From all parts of the United States
more than 300 veterans of the Fif-
teenth Pennsylvania cavalry, General
W. M. J. Palmer's regiment in the civil
war, will arrive in Colorado Springs
on the evening of Aug. 20 for the most
unique reunion ever held in the United
States, as the guests of General Pal-
mer. A magnificent special train of
Pullman sleepers and diners will bear
the veterans to Colorado Springs, and
from the time each man leaves his
own door until he returns to it his
expenses will be borne by General Pal-
mer. Every station agent on the Penn-
sylvania railroad system has received
orders to issue tickets to General Pal-
mer's comrades on the presentation of
a card supplied by the general, and
the train will make its circuit from
point to point in such a way as to pick
up each traveler at the nearest station
to his home. Those living too far
away from the route of the special
train to be picked up will be furnished
transportation to come by whatever
train best suits them. The reunion
will last six days.

Affidavit of Lunacy.

An affidavit of lunacy was filed in
the Probate court Tuesday against
George Frazer, commonly known as
"Crumpy" Frazer, and the hearing
has been set for Wednesday morning
at 9 o'clock.

The new harbor works at Tokio
will cost \$10,000,000. The money
is being raised by the Japanese gov-
ernment by foreign loan.

PEARY PREPARED
FOR LONGER STAY

In the Frozen North On His Next
Expedition.

SUPPLIES FOR THREE YEARS

But He Expects to Find the Long-
Sought North Pole Before That
Time—His Family Not to Go With
Him on This Expedition—Same
Boat and Crew.

Portland, Me., Aug. 6.—Lieutenant
Peary has gone to New York and will
soon be off on another dash for the
north pole. His expedition is al-
ready fitted out. Speaking of his
trip Commander Peary said: "From
New York I shall go direct to Sydney,
C. B., where I shall coal, and there
will be no stops on the way, as I have
not time to lose. My crew this time
will be practically the same as on my
last trip. Captain Robert Bartlett is
to command the Roosevelt. I am go-
ing prepared to make every effort to
reach the pole. If I do not succeed
I shall stay one year longer. I am tak-
ing along everything for a three-years'
trip."

Commander Peary, giving some de-
tails of his plans, said: "John Murphy,
my old boatswain, is to be with me
again; I am to have Wardwell, my old
chief engineer; Ross G. Marvin of
Bucksport is to be my assistant, and
he will be the only Maine member of
the party. I am to have a new surgeon.
There are several applications for the
position, but as yet no one has been
chosen. I will settle that when I get
to New York."

Asked if he expected to reach the
pole this time, Peary said: "A man
who has had any experience in the
north knows that to say he will do a
certain thing up there is madness. I
have learned many lessons from my
other trips, especially the last one, and
I shall profit by all this experience.
Whether I shall find the north pole or
not is a question which will not be
answered until I have either reached
it or failed. It will not be because I
am not prepared, or do not try, if I do
not succeed in attaining the object for
which I am going."

Asked if he should ever try again if
not successful this time, Commander
Peary said: "The newspapers have
credited me with saying that I shall
never make the attempt again. I do
not say whether I shall or not. Future
circumstances and conditions only will
govern me in that."

"I am already three weeks late in
starting, and it is very possible that
before I finally get away from New
York I shall be four weeks. From
Sydney I shall go to Cape York, which
point I expect to reach this year in 10
days from Sydney. From there I shall
carry out the program which has al-
ready been published."

Asked if he had ample funds for car-
rying out the expedition, Commander
Peary said: "I will say one thing, and
that is that the delays in the repairs
on the boilers of the Roosevelt have
been and are now worrying me a great
deal more than the money with which
to finance the expedition."

Commander Peary appeared to be in
rugged health and was full of enthu-
siasm for the trip.

MRS. HENDRICKS
GOT \$40 ALIMONY

COURT FOUND THE PLAINTIFF'S
PETITION SUSTAINED BY
EVIDENCE.

Mother Got Custody of Child—De-
fendant to Pay Costs—Case
Was Appealed.

Argument was had in the Probate
court Tuesday afternoon in the case
of Leora J. Hendrick against Lewis W.
Hedrick, and at the close of the argu-
ment the court announced its de-
cision. Leora J. Hendrick, by her at-
torneys, Smythe & Smythe, brought
suit in the Probate court for alimony,
charging the defendant with infidel-
ity with Grace Newberry, and gross
neglect of duty. The defendant, by
his attorney, J. R. Fitzgibbon, denied
the allegations of the plaintiff. The
court Tuesday found after hearing the
evidence, which occupied several days,
and the arguments, that the al-
legations of the plaintiff's petition
had been sustained and that she was
entitled to alimony for the support
of herself and infant child of herself
and defendant, aged six months. The
court ordered the defendant to pay
the plaintiff \$40 out of his earnings
for such alimony; that he should pay
the costs of the suit and pay any
debts that had been contracted for
necessaries for his wife and child be-
tween the time of the separation and
the payment of temporary alimony;
that the defendant should be barred
from any dower in his wife's real es-
tate and the custody of the minor
child should be given to the plaintiff.
The defendant gave notice of appeal
and bond was fixed in the sum of
\$200.

the company allows the employees for
rest he got to scuffling with a com-
panion and fell over a guard rail into
the cellar, the distance being about
nine feet. He was badly hurt about
the head and also received a bad cut
on the right ankle. Dr. A. T. Speer
was called and attended the injured
lad and he was removed to the home
of his parents, Mr. and Mrs. John
Greeley, on North Fourth street. He
will be laid up for several days.

NEW ELECTRIC ROAD WAS GIVEN FRANCHISE BY THE CITY COUNCIL

Newark, Utica & Mt. Vernon Traction Company Get 25 Year Franchise--Long List of Routine Business Disposed of Monday Night--Officials May Take Part in Labor Day Parade.

A regular meeting of the city council was held Monday night and a number of ordinances were passed including the street railway franchise granted to the Newark, Utica and Mt. Vernon Street Railway Company. A number of resolutions were also adopted.

President Harry Rossel presided and after Clerk L. B. Munch had read the minutes of the last meeting, which were approved, the finance committee reported on the recent bids for the sale of bonds for street improvements, their report showing that the Franklin National bank of this city was the lowest bidder. The report was received and filed.

The committee on streets reported the establishing of grades on Tenth and Ash streets. Received and filed. Mayor McCleery made his report for the month of July showing that he had collected in fines and licenses the sum of \$311.45. The county will receive \$153.20 of this amount and the city \$158.25. The Mayor's report was received and filed.

The report of the city engineer was also read and filed.

A petition from the board of trade was next read asking that an underground passage way be opened under the railway through to Wehrle avenue. The matter was referred to the street committee.

Anna I. Martin presented a bill for damages of \$500, caused, she claims, by imperfect sewerage, which she alleges damaged her property to that amount. The matter was referred to the law committee.

An ordinance was introduced by Councilman Moser declaring it necessary to issue notes to borrow \$2,300 for the construction of a sewer on Fulton and Bowers avenues. It was passed under a suspension of rules.

An ordinance was passed under a suspension of rules, which was introduced by Councilman McNeally, determining to proceed with the Hoover street sewer from North Fourth to Buckingham streets.

Another ordinance by Mr. McNeally was passed under a suspension of the rules to issue notes to borrow \$2,600 for the paving of High street.

Under a suspension of the rules an ordinance introduced by Councilman Conrad was passed, extending the fire limits to certain territory. It will prohibit the erection of wooden buildings within the territory bounded by First, Second, Canal and Church streets.

The street railway franchise was given a third reading and passed, but not until a number of sections had been amended. It grants a twenty-five year franchise to the Newark, Utica & Mt. Vernon railway.

An ordinance was passed which was introduced by Councilman Conrad to name an alley in John Moser's first addition South Fulton avenue.

Before business had proceeded any further President Rossel asked Mr. Donahue, representing the members of the Trade and Labor council, if he had any business with the council which he wished transacted. That gentleman in behalf of the Trades and Labor council extended an invitation to the mayor, city officers, and councilmen to take part in the forthcoming Labor Day parade. They will be taken along the line of march in automobiles. The invitation was accepted and the officers and councilmen will turn out in a body.

A Mr. Jones from the Wehrle addition asked the council to assist in procuring cinders for a walk. He stated that the roads were bad at all times and that it was almost impossible for the women to get out in bad weather. He was told to take the matter up with the board of public service.

Mr. Norman, of the Wehrle addition, spoke at some length about opening an underground passage under the Pennsylvania tracks. He was informed that the matter had already been acted upon.

The following resolutions were next introduced and adopted:

By Mr. McNeally--To return the certified checks of the bidders on the sale of the recent bond issue.

By Mr. King--Directing the Board of Service to remove obstructions on Riley street.

By Mr. King--Petition for opening the right of way from Wilson street to the northeast corner of the Wehrle addition, crossing under the right of way of the Pennsylvania railway.

By Mr. King--To remove obstructions on Hancock and Williams streets.

The two resolutions for removal of obstructions on the streets were recalled in order that an ordinance could be prepared which would provide the funds for the purpose. This was done by passing an ordinance under suspension of the rules appropriating \$200 from the contingent fund and placing it in the emergency fund.

Four resolutions were next introduced by Mr. Hughes, all being adopted as follows:

To improve Fifth street from West

Main to the Ohio canal.

To improve Fourth street from West Main to the Ohio canal.

To repair part of the sidewalks on Third, Fourth and Fifth streets from Main to Pataskana streets.

To pave Fourth and Fifth streets from Main to the Ohio canal.

Four resolutions introduced by Mr. King were adopted as follows:

To repair sidewalks on King street from Williams street to Decrow avenue.

Declaring it necessary to improve Eleventh street from Columbia to Church streets by constructing an 11-inch sewer.

To remove obstructions on Hancock, Williams and Riley streets.

To improve sidewalks on Hudson avenue from North Park to Charles street.

A resolution by Mr. Moser was adopted accepting the bid of the Franklin National Bank on recent sale of bonds.

Another resolution by the same gentleman was adopted to improve Union street from the railway tracks to West Main by constructing a twelve-inch sewer.

A resolution by Mr. McNeally was adopted to prepare plans on North street for an 8-inch tile for a sanitary sewer.

Another resolution by Mr. McNeally was adopted declaring it necessary to improve Fourth street by paving from Log Pond Run to North street.

The street committee failed to report on the Central avenue street opening, stating that they could not agree and asked to be discharged. Their report was received and filed, after which council adjourned.

Rid Yourself of Unnecessary Burdens—A Newark Citizen Shows You How.

Don't bear unnecessary burdens. Burdens of a bad back are unnecessary.

Get rid of them. Doan's Kidney Pills cure bad backs.

Cure lame, weak and aching backs.

Cure every form of kidney ills. Lots of local endorsement to prove this.

E. S. Cramer, proprietor of a livery and boarding stable at 59 West Main street, and living at 95 Eddy street, Newark, O., says:

"I endured backache for a long time before I knew that it originated from the kidneys. I felt well in every way but my back was a continual misery to me. There was dull aching in the loins, extending around to the left side. If I remained in one position for any length of time and then attempted to move quickly, sharp, shooting pains would strike me, some times in one place and sometimes in another. I tried liniments and used several remedies with no effect. Hearing at length of Doan's Kidney Pills I got a box at Crayton's drug store. It is really remarkable how quickly I found relief. The remedy seemed to attack the cause of my trouble and in time it so eradicated every sign and symptom of it that for the 18 months since I used Doan's Kidney Pills I have had no return of my trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

NEW CHURCH

In North End of Town Has Elected Its Officers—A Good Sermon Tonight.

In spite of the wet and rainy weather a large crowd attended the service at the North End tabernacle last evening. Most of the evening was spent in completing the organization and electing the officers of the church, and building and soliciting committees. Four new names were added to the membership making a total of 104 and still more to come.

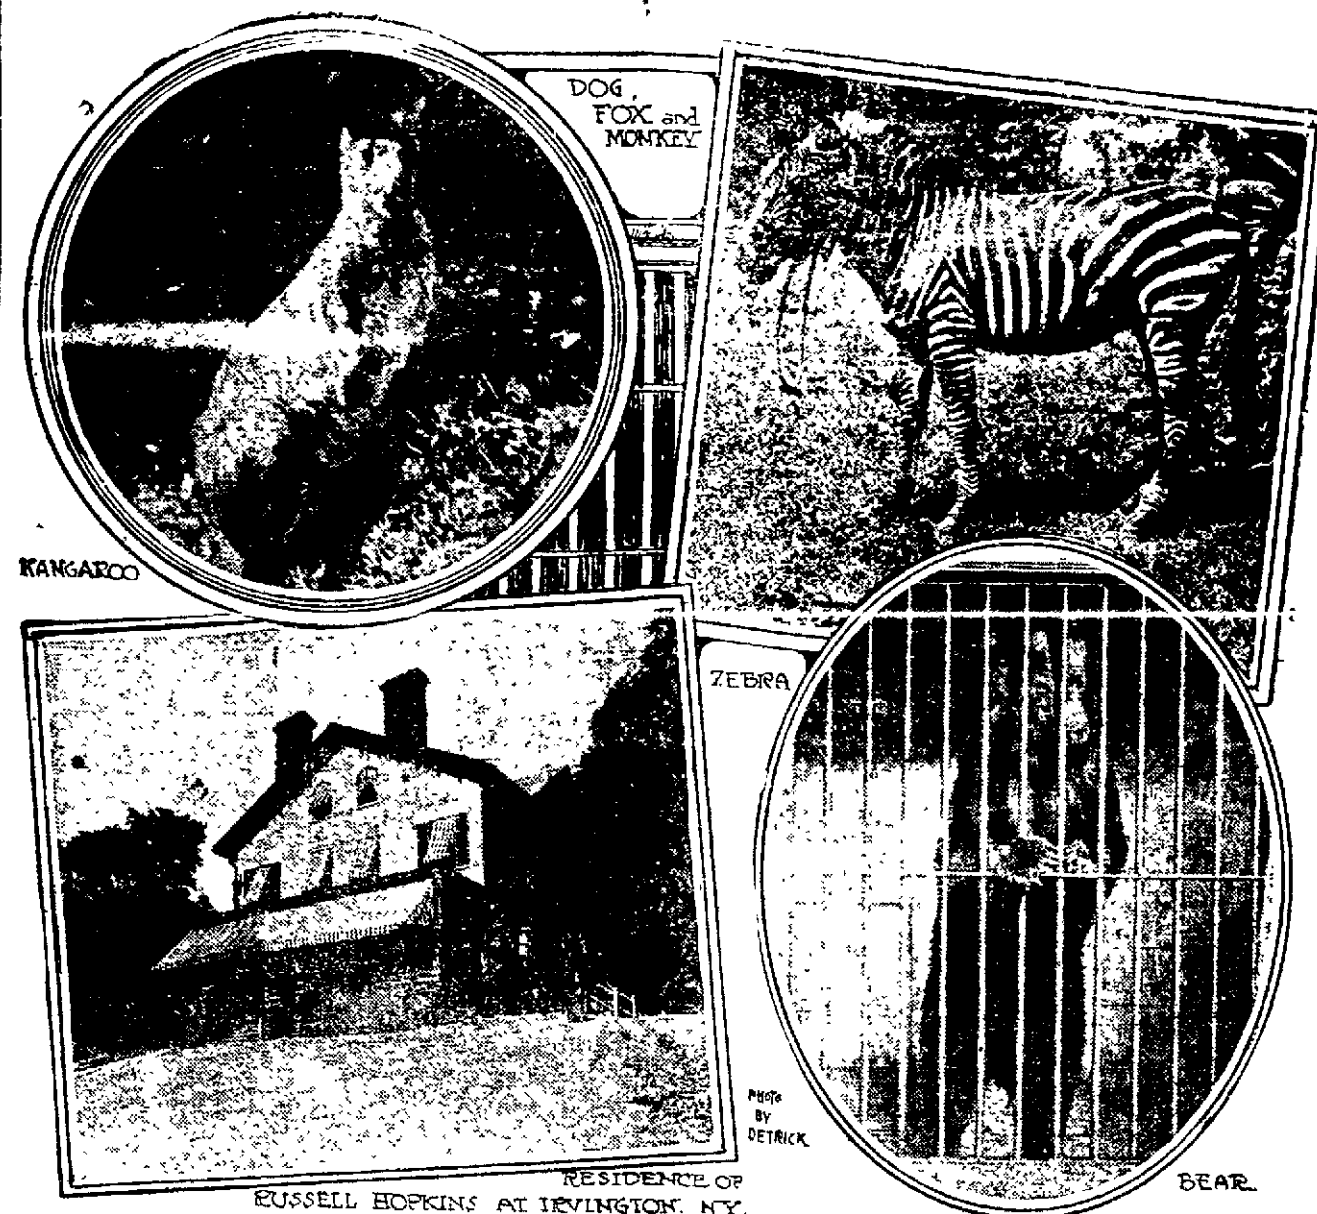

The people of the North End are united and very enthusiastic, and begin the work for the new church edifice with a zeal that augurs success. A great service is expected this evening. Evangelist Dillin will preach his great sermon on "God's Last Call." Miss Dillin will sing. All come.

RUSSEL HOPKINS HAS LARGEST PRIVATE MENAGERIE IN AMERICA.

New York, Aug. 6.—With wild beasts and birds valued at \$25,000 already housed in his zoological gardens on his estate at Irvington, Russell Hopkins, of New York City and Atlanta, Ga., has the largest private menagerie in America.

Mr. Hopkins is a Southerner, who eloped on a yacht in October with Miss Vera Siegrist, a granddaughter of Dr. J. J. Lawrence of No. 1,080

Fifth avenue, whom he married aboard the boat at Peekskill. Miss Siegrist was an heiress. Mr. Hopkins, who is 24 years old, is the son of John Randolph Hopkins, a banker at Atlanta.

Four months ago Mr. Hopkins purchased an 80-acre estate overlooking the Hudson at Irvington, and adjoining the country place of Miss Helen Gould. The place formerly belonged to Mrs. Ellen Josephine Banker, but

had not been occupied for fifteen years. When Mr. Hopkins acquired the place he immediately set about installing a menagerie. Animals have been his hobby since his boyhood.

When a lad in Atlanta he stocked his father's back lawn with wild animals, which he later turned over to the city, and which formed the basis for Atlanta's present zoological exhibit.

Much of what he does get today goes to aid worthy charities. His ambition does not run to the getting and piling up of wealth but rather to the advancing of the principles he advocates and the raising up of American ideals. He would have the American people measure life by what they put into it, not by what they get out of it, for he does not believe that a man should allow himself to become the servant of his professions. Likewise he deprecates the inequality in the distribution of wealth which results in those who actually produce the most getting the least.

KENTON EX-MAYOR TURNS OVER LIFE POLICIES TO VICTIMS

Kenton, Aug. 6.—Ex-Mayor Black, confessed forger, is turning over all of his property to his victims. His cash and real estate were turned over several days ago. He is now making arrangements to place \$2,000 life insurance in the hands of Misses Anna and Elizabeth Hawley, two Columbus milliners, who say they lost \$2,200 by his alleged forgeries.

Back In the Game.

Cincinnati, O., Aug. 6.—The applica-
tion of Lew Wittie for reinstatement
as an eligible ball player, in order that
he may secure employment in some
minor league club, was granted by the
national baseball commission.

The double victory of the Tigers
at Washington yesterday and the
White Sox losing to New York gives
the lads from Detroit a lead of 12
points in the American league race.

Louisville's victory over Kansas
City puts the Colonels in fourth po-
sition. Milwaukee drops to fifth.

SWEDISH CROWN PRINCE TENNIS EXPERT.

CROWN PRINCE OF SWEDEN

Although the Crown Prince of Sweden may not have a tennis cabinet,
that by no means disturbs the fact that he is very fond of tennis and that
he plays whenever he can get away from the cares of his position. As re-
gent, owing to the advanced age of King Oscar, the Crown Prince finds
but very little leisure. When he does obtain time away from the exacting
affairs he devotes it to his favorite pastime.

MIXUP OF DIRECTORS MAY DEPOSE EAST

Walter East will likely be deposed
as manager of the Akron team as
soon as his successor can be chosen
as a result of a personal clash be-
tween two directors of the Akron
club.

Following a meeting of the Akron

CAPTAIN WALTER EAST.

Directors lately J. Ben Campbell was
assaulted by John T. Windsor, it is
said. The men had words during the
session over Mr. Windsor's and Man-
ager East's connection with the Can-
ton-Massillon football scandal last
fall. It will be remembered that

CAMNITZ SHOWS IMPROVEMENT.

CAMNITZ, PITTSBURGH.

Once upon a time the Pittsburgh
club drafted Camnitz from the land
of the cotton bale. He came north
and did not succeed very well, so
Pittsburgh let him go elsewhere un-
der an arrangement by which he
could be recalled whenever the Pitts-
burgh club thought it needed him.

Camnitz went into the American
Association. There he learned better
control of the ball, and he also learn-
ed some of the finer points of the
game which he had not happened to

Manager East was accused of "fixing"
a deal with a member of the Mas-
sillon team whereby Canton was to
win one game and Massillon the oth-
er, and Mr. Windsor is said to have
backed the scheme which was to have
been in the interests of a betting syn-
dicate. Both Manager East and Mr.
Windsor have been in a measure ex-
onerated since. East, it came to light
later, allowed himself to be duped in-
to making arrangements for an offi-
cial of the Canton team and another
on the Massillon team. Mr. Windsor's
part was to come to East as a friend
with the necessary capital to put the
scheme through.

Director Campbell, it seems, has
desired the removal of East and resig-
nation of Mr. Windsor on account
of the scandal. He brought up this
topic at the directors meeting. Hot
words passed and while alone Mr.
Windsor hit Campbell, breaking his
nose and badly discolored his left
eye. Mr. Windsor has resigned and
offers his baseball stock which Camp-
bell says he will take. President
Gibbs, who has been on Mr. Wind-
sor's side of the controversy as have
been the other directors, will also of-
fer his stock. Mr. Campbell by pur-
chasing the holdings of these two will
control the club and in that event is
sure to release Manager East.

Campbell says he will cause Wind-
sor's arrest for assault and battery
and will sue him for \$10,000 dam-
ages.

Pitcher Asher will now be in
greater demand than ever since he
held Brooklyn down to two runs.
This Newark twirler is one of the
best in these parts. With Pearce be-
hind the bat this is by all odds the
best battery in the O. P. league. Op-
tions have already been secured on
Pearce at a big price, and there have
been several bids for Asher.—Ohio
Sun.

Catcher Billy Smith of the Lime
Batters was badly spiked in the
left arm at Sharon Saturday and will
be unable to play during the remain-
der of the season. His contract with
the local club, the only one he would
sign was a non-reserve contract. In
consequence the management has re-
leased Smith. Had Smith signed a
regular contract as he was requested
to do his salary would have been paid
until the end of the season.

The benefit ball game at Eagle
Park, Lancaster, Sunday, was an aw-
ful frost. After all expenses are
paid 15 cents will be turned over to
the Lanks. Every little bit helps.

When Youngstown fans do not
agree with the ump's decisions of
close ones, they just begin throwing
any old things. Bobby Drake came
pretty near getting it in the head
with a pop bottle Sunday. Of course,
according to the Youngstown sport
writer, the Newark fans are the only
rowdies in the O. P. circuit, but they
have never thrown anything at the
umpires.

The Youngstown club again has
three Thomases on the pay roll. Tom-
my Thomas is back in harness, and it
will keep the fans busy figuring out
which Thomas is in the game.

Hai Brower, the new catcher that
East secured from Richfield, looks
like a comer. He has a good whip

pick up in the south.

By and by Dreyfus came to the
conclusion that it would be a good
thing to call Camnitz back to Pitts-
burgh, as the Pirates were in desper-
ate straits for pitching talent. So
Camnitz returned to the city of
smoke and has been pitching good
ball for the Pirates since.

All of which goes to show that if
a player doesn't happen to make a
success of his first venture in fas
company it is by no means certain
that he will not be ready later.

and it is said to be an excellent bat-
ter. He is only an amateur.

Rube Geyer, Lancaster recruit with
Columbus, took the awfullest drub-
bing of the season Saturday at the
hands of St. Paul. Twenty-three hits
were made off him for 21 runs.

Lewis Heibroner, scout for the
Cincinnati Reds, is due in Youngs-
town today. He may get a chance to
see Bunny work out. The Reds would
like to get him and it is only a ques-
tion of price.

Youngstown will put forth every
effort to wallopp the Molders this af-
ternoon. They would rather win one
game from them than a half dozen
from any other team.

Bob Lindemann, who is getting
in better shape, left yesterday to join
the Lime Burners at New Castle.
Lindemann will help Luskey out be-
hind the bat during the remainder of
the season.

Pitcher Asher will now be in
greater demand than ever since he
held Brooklyn down to two runs.

Black Hand, Aug. 6—"Polly" Fulk
held the Hammettowns to two hits
Sunday and the locals gave the visit-
ors an awful wallopping, winning 22

GAY SARATOGA ENJOYS FINE RACING CARD

Saratoga, N. Y., Aug. 6.—The Sara-
toga racing season was opened yester-
day with an attendance that just
about equaled the record for first day
patronage and a spectacular double
victory in the opening feature, the
Saratoga Handicap, for the Newcaste
stable, which ran first and second,
with McCarter and Running Water a
head apart, and two lengths before
the popular favorite, Dandelion. Ten
thousand spectators, nearly half of
them New Yorkers, witnessed the
contest. The weather was cool, and
a hint of rain in prospect had its ef-
fect on the costumes of the women,
who filled the boxes and crowded the
clubhouse balcony.

The opening, however, was fully up
to the best traditions of the course,
and the crowd which assembled for
the racing was warmly enthusiastic in
spite of a succession of disappointing
results, favorites being beaten in five
of the six events, and the only win-
ning choice being a Western horse,
which owed his place in the betting
to stable support. The patronage
from the surrounding country was
unusually large, Albany, Troy and ad-
jacent cities sending out big excu-
sion parties to swell the gathering,
and the trolley line and busses un-
loading visitors in such numbers as
to choke the grand stand and field
stands in the first rush of arrivals.

The feature of crowds coming
through was the auto show, practi-
cally all the cottagers and fashionable
visitors being out in their cars, which
completely filled the big inclosure for
autos. Another pretty feature was
the scene in the paddock where great
numbers of women visitors flocked to
see the saddling of the horses for the
more important races, three stakes
being run, with the \$10,000 Sarato-
ga Handicap as the great event.

GRAND CIRCUIT RACES OPEN AT BUFFALO

Buffalo, N. Y., Aug. 6.—Alice Poin-
ter won the \$10,000 Dominion of Can-
ada pace, the feature of the opening
day of the Grand Circuit at Kenil-
worth yesterday afternoon. The
winner won in straight heats and was
never bothered. A floral piece was
presented to the winning owner, Mr.
David Shaw of Ithaca, after the
final heat. Reproachless paced in
poor form.

All of the races were won in
straight heats. A light rain fell dur-
ing a part of the afternoon, but it
did not interfere with the stepping
of the horses, as fair time was made
in the races. A crowd of 6,000 was
present.

The fourth race, an event for 2:10
pacers, went to "Strike Breaker"
Farley's Judex, a gelding by Red-
wood. A killing of \$5600 was made
by the owner on this race. Judex
won the event in straight heats and
incidentally took a new track record,
pacing the second heat in 2:07 1-4.

ticles to fight next month. The num-
ber of rounds, the date or place have
not been agreed upon.

COLORED FIGHTER MATCHED TO FIGHT TOMMY BURNS

New York, Aug. 6.—Sam Fitzpatrick,
manager of the colored prize fighter,
Jack Johnson, last night grabbed at
the proposition made by wire by
Jimmy Coffroth, the San Francisco
fight promoter, to match Tommy
Burns against Johnson for a \$25,000
go in California. About sporting re-
sorts, this match is creating more
talk than any fighting contest in some
years.

Manager Coffroth wants a forty-five-
round bout. He wired that Burns had
accepted, and in his telegram stated
that he would wish for the meeting in
the ring to take place on the night of
September 9, the anniversary of Cal-
ifornia's admission to the Union.

This offer for a fight would appear
to be a reward for all of Johnson's ex-
tractions of the past two years and
Manager Fitzpatrick's attempts to get
a match with a white heavy weight.
Sam has been on the trail of them all,
including Jeffries, but Jeff absolutely
refuses to fight a negro, and the oth-
ers all hopped over the color line for
refuge as soon as they learned of
Johnson's heft and muscle.

Immediately on receipt of the Coff-
roth telegram Manager Fitzpatrick
sent back word over the wire that he
would accept for Johnson. Fitz wired
further than that. He wired: "Let
Burns name the division of the purse.
We ask no favors."

Those who have wintered in Ala-
ska say that it is not the cold, but the
mosquito that is the hardest thing to
endure in the North.

MATCH FOR THE GAME WARDEN

A Good Story Told About Lloyd Wine
and a Licking County
Fisherman.

Deputy Game Warden Lloyd Wine
is credited with figuring in the fol-
lowing incident:

Mr. Wine was traversing the fields
a few miles east of Newark one day
in May when he happened upon a
bronzon citizen of Licking county
who was tramping toward the Lick-
ing river with a bamboo fishing pole
on his shoulder.

"How's fishing in these parts?" in-
quired Wine.

"Good," exclaimed the other en-
thusiastically. Caught one of the
finest strings you ever saw yesterday.

"Any bass?" inquired the warden.

"All of 'em bass," was the rejoinder.

"One of 'em was a whopper,"

too. Weighed four and a half

pounds.

"O-ho," exclaimed the warden.

"You don't know who I am do you?"

"Nope, I don't," confessed the fish-
erman.

"Well," said Wine impressively, "I
am Deputy State Game Warden
Lloyd Wine. This is a closed season
for bass and you are liable to arrest
upon your own statement."

The fisherman's jaw dropped, but
only for a moment.

"You don't know who I am either,
do you?" he said.

Wine admitted that he did not.

"Well," exclaimed the other, "I am
the biggest liar in seven states."

No arrests were made.

BASS

Will Be Well Distributed This Fall
In Rivers and Lakes By
the State.

Our distribution of fish will be
about the same this fall as in previous
years, said General Speaks of the
Ohio fish and game commission Sat-
urday. By this statement it is meant
that the backward season, which
greatly hindered propagation in the
streams and lakes, will in no way de-
plete the stock, as the shortage will
be overcome by the fish taken from
the state hatchery at London, which
has enjoyed an unusually successful
season after the favorable weather
once set in.

Especially attention will be paid this
fall to the distribution of bass. Both
the large and small-mouth varieties
will be placed in the streams and
lakes.

The work will start about the first
of October.

SCARCITY OF QUAILS.

Reports from all sections of Ohio
are to the effect that there are but
few quails in the country. This is the
time of year when the status of the
quail crop can be estimated with a
certainty.

The male birds have been through
June and the early part of July sit-
ting about during the day whistling
"bob white" and for almost every
such bird heard, it can be certain that
somewhere in the neighborhood there
was a hen bird hatching a nestful of
eggs. In some instances where the
first brood was destroyed, a second
lot of eggs will be laid, but the brood
will not exceed a dozen and very often
they perish with the first touch of
winter.

As scarce as quail are there will be
little disposition upon the part of
the hunters to pursue them, and the
rabbits will have to take the brunt
of the guns this fall. The cotton
tails are as thick as ever in Richland
county. They seem to be able to
take care of themselves in spite of
the great annual slaughter.

Nuremberg still has over 1,700
houses that were built before the
seventeenth century and 3,537 built
in the seventeenth and eighteenth
centuries.

"Consulting fashion expert," is one
St. Louis woman's occupation, while
packing trunks is the trade of an-
other.

NEW QUESTIONS FOR TEACHERS

There Are a Great Many Brain Puzzlers In the List.

MADE UP BY STATE COMMISSIONER

Examination Tests for Teachers in Elementary Schools—By Their Answers to These Questions Those Who Desire to Teach Show Whether They Are Grounded in the Rudiments of Education.

Following is the list of questions as prepared under direction of the state commissioner of public schools, and submitted at the county examination for teachers Aug. 3 for elementary school certificates:

GRAMMAR.

BIG CAMP FIRE CLOSED REUNION OF SEVENTH REGT.

SECRETARY OF STATE CARMICHAEL THOMPSON DELIVERED THE CHIEF ADDRESS.

Many Recruits Mustered in By the Organization—Sam Williams Camp Booming.

On Monday evening a fitting close of the reunion of the Seventh Ohio was held at the beautiful theatre, (Auditorium) the assembly hall for such meetings as may be held by the soldier organizations of Newark, in order to entertain their friends when sufficient room was not provided on the third floor. The necessity for an elevator to the soldiers' hall was shown by the reason of the non-attendance at many of the functions held on the third floor. The old boys cannot climb the stairs any more.

The entertainment at the Auditorium Monday night was in the nature of an old-fashioned camp fire and promptly at 8 o'clock Chairman I. M. Phillips called the meeting to order.

"America" was sung, and in the absence of the chaplain of the regiment, Newark's distinguished citizen soldier, Capt. D. J. Jones (Truant Officer), opened the meeting with divine invocation, after which CarmicHAEL Thompson, secretary of state, and ex-captain of Co. I, in a short address extended the thanks of the regiment to the citizens of Newark and paid a high tribute to the ladies of Newark who made the reunion such a success.

Especially the ladies of Lemert Relief Corps, who assisted in entertaining the guests. Colonel Thompson's remarks with reference to the pensions for widows as advocated by National Commander R. B. Brown of the G. A. R., and Col. W. C. Knauss, (the flag man), National Commander of the Union Veteran Legion, whose general published orders show that their objects are mutual; that if the soldiers who did service at the front are entitled to the service pension, better known as the age pension, why not the widow of such soldier who does not enjoy the beneficent act of the government. The remarks of Captain CarmicHAEL Thompson were greatly appreciated and elicited hearty applause.

Arthur Morris recited a beautiful poem, "Little Tim's Tobacco."

Bernard Thompson of Chillicothe, "Ohio's Bugler," then as requested by "Rosie," blew all the bugle calls. Comment is unnecessary.

Judge E. M. P. Brister was then introduced and in an address presented the claims of the soldiers and their dependants of all wars to the rights and benefits that have been accorded to soldiers of former wars. Judge Brister, in his experienced official capacity, especially in the handling of pension vouchers and other pension papers, has become thoroughly posted as to the rights and needs of the old soldiers. He endorsed the bills of both National Commanders, Brown and Knauss, and also said that the old soldiers wonder why the young soldiers are so anxious to see that the soldiers of the civil war are benefitted and assist them in getting legislation to benefit them. But the fact remains that what benefits the soldiers of the civil war will benefit the soldiers of all wars.

The Triplet of Co. G, then sang "There was a man in our town."

Col. George W. Chase then related the incident of what was understood as the first skirmish of the civil war, called the "Vienna Affair." Vienna was two and a half miles from camp Alger and no more interesting subject was touched than that which brought the boys back to the old camp at Camp Alger than the reminiscences of occurrences which took place 47 years before between the North and South.

Mr. Griff Rosebrough then sang his famous flag song, at the conclusion of which a large American flag concealed, was dropped on the stage. That the effort of the venerable Griff was appreciated was attested by the generous applause accorded him.

Walters Sears, secretary of the association, in a short address, thanked the citizens of Newark for the manner in which they had entertained the Chillicothe boys, after which taps were sounded and Capt. D. J. Jones pronounced the benediction and the second reunion of the Seventh Ohio was closed.

Many New Recruits.

One of the many objects of the late reunion of the Seventh Ohio that in order to endorse the work that has been done by the G. A. R. to assist the soldiers of the civil war to see that their rights are protected as such soldiers, was plainly to be read between the lines of the folder that was given to the visiting comrades of the Seventh Ohio. It was stated in that folder that any man who had served in the Spanish-American war between the declaration of war on April 23, and the insurrection in the Philippines July 2, 1901, would be given an opportunity at 2 p. m. on Sunday, August 4, to become a member of an organization whose objects were to look after the rights of all honorably discharged soldiers and their dependants. That the object was more than obtained it is only necessary to say

that instead of one meeting held for that purpose Sam Williams Camp held four called meetings for the muster of recruits, and every line of soldier life was represented in this regiment and almost every company in the regiment furnished recruits to the Spanish War Veterans. Many of these recruits came from cities and towns, which have no camps or no hundred bodies under the banner of the U. S. W. V.

An Acknowledgment.

Editor Advocate—The committee of arrangements who had charge of the reunion of the Seventh O. U. S. V. I. war with Spain, held in this city, Sunday and Monday, desire to express their appreciation to the members of the regiment from the several cities, many of them remote from Newark, who attended the reunion to all of the officers of the regiment, from the commanding officer down to the lowest man in the ranks; to the trustees of Memorial Hall; to the officers and members of Lemert Post, No. 71, to the loyal and patriotic ladies of Lemert Relief Corps, and to the generous citizens and business men, whose generous support made it possible that the reunion was a success. The committee especially desires to thank the members of the Board of Trade, who did everything in their power to show the visitors every courtesy that could be extended.

I. M. PHILLIPS, Chairman.
"ROSIE," Secretary.

SOLDIERS ATTENTION

Attention, Sam Williams Camp No. 23, U. S. W. V. All members of the camp who can be present are hereby ordered to report at Memorial Hall at 1:30 p. m. Wednesday, Aug. 7th, to assist in the dedication of the soldiers lot at Cedar Hill by paying the rights of an honorably discharged soldier.

By order of
CLIFTON H. ROSEBROUGH, Commander.

ZION CITY TO BE LEFT TO ITS FATE

Overseer Voliva Will Abandon Dowie's City and Build a New Colony Elsewhere.

Chicago, Aug. 6.—Refused the granting of his petition that he be appointed by Judge Landis of the United States district court a co-receiver with John C. Hateley, now in charge of the Zion City property, and unheeded in his protests against the sale of the Zion place industries, Overseer Wilbur Glenn Voliva, who usurped John Alexander Dowie, asserted his defiance of the forces organized against him and declared he would abandon Zion City to establish a colony of his own elsewhere. "I shall abandon the old hulk and she can sink for all of me," declared Voliva as he was leaving the court after his petition had been denied and the sale of the hazy factory for \$380,000 had been ordered. "It is my purpose now to gather my followers about me as soon as possible and leave. When I go I will take a big following along to establish a new colony."

LECTURE PRESENTED TO OLD BRUTON PARISH CHURCH.

Richmond, Va., August 6.—October of the present year will be memorable in the history of old Bruton Parish Church, in Williamsburg, Va., because of the announcement made a year ago that King Edward of England, will present to the church a

Bible and President Roosevelt a letter in commemoration of the three hundredth anniversary of the establishment of the permanent English civilization with the English Church on this continent.

October has been chosen as the most appropriate month of the tercentennial year for the presentation, because the General Episcopal convention will be held in this city that month. Dignitaries of the church will journey to the old capital on October 5, when the presentation ceremonies will take place.

TAX LAWS OF STATES OTHER THAN OHIO ARE IRRITATING.

Taxation properly laid, is a healthful irritant. It is improperly laid when it does not irritate. This salutary reaction occurs only when it is so laid that the person paying has to go down into his pocket and bring forth the amount of the levy. Hence the term, "the pocket puffer." With some temperaments this nerve is so sensitive that the slightest touch produces nervous prostration. But these are abnormal and few. Usually they suffer from undigested investments in dirt. In the normal citizens the touch of the tax on the pocket nerve awakens his interest in the various public matters for financing which taxes are laid. The knowledge of this interest operates as a check on the bodies legislative, big and little, that create the taxes.

When there is general discontent with taxation it simply indicates that something is wrong in the system or in its administration. And there is general discontent. Even here in Sioux City the real estate association gives evidence of it by discussing it. The "ferret" method is denounced and derided, and the tax for the support of schools is said to be too great by some and too small by others. Elsewhere there is larger evidence of discontent. We do not now include the tariff. We have in mind only that taxation which is a healthful irritant; that which is directly laid upon property and is paid directly by its owners.

A legislative commission composed of members of the Massachusetts general court, as they call their legislature, has just submitted a voluminous report of the results of its investigations and conclusions. In substance it thinks the system needs only a little patching and mending. California's commission has just sent to the legislature its final report following a preliminary report published last year and sent out as a "feeler" to see if public sentiment would support the rather radical conclusions at which it hinted. Its substance is that the state should get its revenues by indirect taxation and leave each taxing community free to select such objects for taxation as it might select. It abandons in despair all plans to reach and tax all forms of personality, and its logic, if not its distinct declaration, is to quit trying to tax any of it.

Minnesota amended its constitution so as to leave the legislature free to select such kinds of property for taxation as it deemed best, and the legislature is puzzled to know just what to do with its new and responsible freedom. To aid it there has been formed a state tax league, which will organize local leagues over the state in which taxation will be studied and debated. Lawson Purdy of New York, who organized the tax league of that state, was at the meeting in which the league was organized and addressed it. The amendment of the constitution was the result of an agitation, begun some eight years ago and resulted in the creation of a tax commission, which reported to the legislature in 1902. The California commission's report is remarkably similar to that of the Minnesota commission in the conclusions reached and recommendations made.

All of which indicates discontent not with taxation, but with systems and methods and administration; a growing belief that existing systems and methods have not made good and that other systems must be tried.—Sioux City (Ia.) Tribune.

REGISTRY TAX LAW

Minnesota's New Enactment Brings Mortgages Out of Hiding.

The legislature of the State of Minnesota has enacted a law providing for the taxation of mortgages on real property.

The law imposes a tax of 50 cents upon each \$100.00, or major fraction thereof of the principal debt or obligation secured by any mortgage on real property situated within the state. Mortgages upon which this tax has been paid shall be exempt from all other taxes. The tax imposed by this act is payable at or before the time of filing the mortgage for record.

The new registry tax law is more than making good the promise of its backers. In the county in which Minneapolis is situated, for instance, on the first day the law went into effect between \$9,000 and \$10,000 was received as a registry tax against \$5,000 paid during the whole year previous. The valuation was close to two million dollars as compared with \$160,000 returned for taxation during the past year. Some of the mortgages were old and had been concealed for years.

State of Washington Has a Constitutional Amendment to Permit Classification of Property for Taxation Purposes.

In common with other states that are seriously considering the betterment of tax laws, Washington comes to the front with a proposition to amend its state constitution.

The pertinent paragraph in the proposed amendment reads: "The power of taxation shall never be surrendered, suspended, or contracted away. Taxes shall be uniform upon the same class of subjects, and shall be levied and collected for public purposes."

NEW PRINCIPAL ADDRESSES BOARD OF EDUCATION

COURSES CHANGED BY MR. WILLIAMS FOR COMING SCHOOL YEAR.

Petition Filed With Board for New School in West Newark—Contract Let for Brick.

The Board of Education met in regular session Monday night and considerable business of importance was transacted. Messrs. Beggs, Haight, Fulton, Christian and Keller were present when the meeting was called to order by President Beggs. The reading of the minutes of an adjourned meeting of July 19 were dispensed with but the clerk of the board, Mr. Keller, read the minutes of the regular meeting of July 15, and all were approved.

Bills for the period were read and allowed. The contract for the wainscoting enameled brick for the annex to the High school was given to the Federal Clay Pottery Company of Mineral City. The brick are to be selected first grade, and were purchased at a close price on account of delaying the shipment three months which will be as soon as the material will be needed. The price paid was \$23 delivered in Newark.

A statement from the architect employed by the Board to make plans and estimates for the annex, was read and his bill \$1500, was ordered paid. A communication from Miss Helen Scott was read asking a leave of absence for one year. It was granted.

Supt. Simkins wanted a number of blanks for the High school and this with other forms suggested by Prof. Williams, who spoke at length later in the session, explaining the changes in the courses that have been made for the ensuing year, all were allowed by the board and the changes of study courses were approved of.

Master of insurance on East Main street building was referred to the Insurance committee as was also the matter of insuring the boilers of the various school buildings. They were instructed to bring in a report at the next meeting.

A petition was presented by Mr. Harter that had a great many signers, and asked that the board furnish a school south of the B. & O. and Pennsylvania tracks in the West End. It was explained by a member that for certain reasons, nothing could be done in the matter at present, but as soon as things on hand were disposed of, they would be taken care of in that part of the city.

Supt. Simkins then read a report relating to how many pupils finished in the language courses, and stated that only nine finished in each course, out of 56 that started in Latin and German and that about 27 out of 56 finished in all the courses. Several things that Mr. Simkins asked for were allowed.

West's modern History was adopted for use in the schools.

Mr. Simkins appointed Miss Elizabeth Robinson, Miss Stella Daily, Miss Ruth Allen and Miss Grace Platt as teachers, and all were confirmed. The superintendent reported that five teachers attended summer school this year. Misses Ertel Baugher, Alice McMahon, Mary Ada and Elizabeth Robinson. All attended at Athens, while Miss Mary VanHorn went to Ypsilanti, Mich. This will be a great

aid to the young women in the next season's work.

Prof. Williams then took the floor for the remainder of the session, with results as stated above.

COOKING HINTS BY EXPERTS.

Two Famous Cooks Give Valuable Information About Corn Starch as a Cooking Help.

Comparatively few housewives realize how great is the virtue of corn starch as a help in cooking and baking. Alice Cary Waterman and Janet M. Hill, the famous culinary experts, have made a special study of this phase of cookery, with results that are not only interesting but surprising. As is well known, quality in corn starch is an all-important consideration, and the two cooks found Kingsford's Oswego Corn Starch to be the best for every purpose. For example, the use of this corn starch in bread results in a fine grain and delicious flavor, with a crust unusually tender. The experts found also that it greatly improves the consistency of soups, gravies and sauces, gives jellies a pleasing firmness for moulding, makes pastries more delicate, and so on through many helpful uses.

With a view to giving housewives everywhere full benefit of this investigation, the National Starch Company, successors to the old firm of T. Kingsford & Son, Oswego, N. Y., have embodied the results in book form, which they are now distributing gratuitously among the applicants.

This book is unique in every respect, containing not only a great many original receipts but a carefully arranged list of helpful cooking hints and suggestions. There is little wonder that the demand for the book is enormous, for every woman interested in good cooking wants a copy.

OIL EXCITEMENT AT AVALON---BIG WELL WAS SHOT

VALUABLE FLUID FLOODED THE TERRITORY SURROUNDING THE WELL.

Flow Is Estimated To Be 150 Barrels Per Day—Embarkments To Save Oil.

Beech Woods, Aug. 6.—The Bremen Oil and Gas company shot their well on the Purvis farm near Avalon. This well is about 2400 feet deep. The well is estimated at 150 barrels a day. When it was shot no preparations had been made for taking care of the oil and now the oil is flooding the entire vicinity. Embankments are now being thrown up to hold the oil until tanks can be provided.

The Irish Strike. Belfast, Aug. 6.—The strike situation is again grave. The efforts made to settle the carters' dispute have failed, and all negotiations on the subject have been broken off. The carters declare they will fight to a finish. The coal men's dispute has again broken out, involving two important firms. Police who were protecting wagons were stoned by mill workers. Further transfers of members of the Irish constabulary have been effected.

TWO CENT FARE FAILS TO REDUCE R. R. EARNINGS

FISCAL YEAR REPORTS SHOW LESS THAN FIVE HUNDRED DOLLARS SHORTAGE.

Official Says Two Cent Fare Doesn't Scare Railroad. Any More—Detail of Report.

Reports of the fiscal year just closed show that the two cent fare in Ohio has not cut down the earnings of the railroads. Although a different showing was anticipated, the conditions are said to be highly gratifying to railroad officials. It is reported that an Eastern railroad with passenger earnings of \$1,500,000 a year, lost less than \$500 during the fiscal year just closed. This is considered favorable and significant, because while travel was somewhat heavier than usual, Ohio furnished a large per centage of the total amount earned.

While during the preceding year the system was on a basis of 2 cents a mile, 2 cents was largely the prevailing rate paid, as much of the traffic was carried on interchangeable mileage tickets, which have increased such business, but reduced local ticket sales. An official of the system says:

"If our experience is a criterion, the net result of 2 cent fares (and they will be universal soon) will be this: The strong roads will break even or better; the weak roads will lose some revenue, and the public will be on the road more of the time and in pocket all the time."

"Our line opposed the adoption of 2 cents a mile maximum in basing interstate rates, because we wanted to see the outcome of Pennsylvania's fight against the new law in its home state, and of the present test of the 2 cent basis in Illinois."

"A 2 cent fare does not scare us any more. Most of our business is on that basis now. If you could average all the fares in Eastern territory applying to interstate travel, you would find that the railroads get much less than 2 1-2 cents a mile. It has not been decided to what extent 2 cents a mile will be the minimum rate when it is generally in effect as the maximum rate. There is the opening for adjustment as between the strong and weak lines."

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovetown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs is guaranteed by F. D. Hall, druggist, 50c. and \$1.00. Trial bottle free.

DANCING THE CAUSE OF THIS TYPHOID

Evansville, Ind., Aug. 6.—Miss Rosa Zipp, a well-known society and prominent in church and charity circles, died here yesterday of typhoid fever brought on, the physicians state, from excessive dancing.

A few days before she was stricken she made the trip from here to Cincinnati and return on the steamer Peters Lee and spent much of the time in dancing. The night before the boat arrived here she danced with friends nearly all night. She was taken ill the next day.

Pool Rooms Raided. Louisville, Ky., Aug. 6.—Sheriff Bullitt, of Jefferson county, raided the two pool rooms opposite the Churchill Downs race track. The principal operators of the rooms were arrested, the black boards stripped from the walls and the paraphernalia of the rooms confiscated. Sheriff Bullitt was assisted in the raid by a number of deputies who made a flying trip to the pool rooms in automobiles.

Royalty Will Make Up.

Coburg, Germany, Aug. 6.—The relations between the Grand Duke Cyril of Russia and his wife (the divorced Grand Duchess Victoria of Hesse), which recently were declared to about end in a divorce, have entered upon a happier stage. She has consented to renounce her title of grand duchess and an imperial Russian decree has been issued bestowing on her the title of imperial highness. Grand Duke Cyril has gone to St. Petersburg to see Emperor Nicholas, and on his return there it is understood to be probable that a reconciliation will take place.

Portland, Ore., Aug. 6.—Secretary of Agriculture Wilson arrived here and is at his hotel, and declined to see anyone.

A Desperate Lover.

Kingston, N. Y., Aug. 6.—Fred Wright of Ulster Heights, Ulster county, shot Miss Flora Wright and then committed suicide. He was a suitor for Miss Wright's hand but imagined he had a rival. Miss Wright will recover.

Marriage has caused many a sweet young girl to lament.

LUMBER WORKERS SHOOT OFFICERS

Ironton, O., Aug. 6.—Sheriff Artis of Greenup, Ky., and Deputy Williams were shot Monday afternoon when they attempted to arrest three timber men working for Cole, Crane company. Artis was shot in the leg, but will recover. Williams was shot in the temple and mouth and is expected to die. John Galvin and two Sanders brothers are in the Greenup jail.

DON'T SEND KISSES OVER A TELEPHONE

James Murphy, a Bigamist, Can Give That Advice to Those Likely To Try.

Cleveland, O., Aug. 6.—Kisses by telephone were the "clew which caused the undoing of James M. Murphy, an engineer, who was arrested on a charge of bigamy, when he completed a workhouse term for neglecting his child.

Murphy disappeared from his home in January. Mrs. Murphy one day was called to

the telephone. She was greeted by her husband's voice "Here are kisses for the baby—smack—smack—smack."

Murphy called up again and again, his wife says. Officers trailed down the phone calls and arrested him and sent him to the workhouse. It now develops that Murphy had another wife.

No Advance in Oil.

New York, Aug. 6.—Charles M. Pratt, secretary of the Standard Oil company, said that the company has no intention of advancing the price of oil. He said: "The statement attributed to Mr. Chamberlain, of the National Petroleum association of Cleveland, that such an advance is to be made, is entirely unwarranted and absolutely unfounded. Mr. Chamberlain, who represents a competitor of this company, is challenged to reveal the source of his mis-information."

A General Cleaning Up.

Louisville, Ky., Aug. 6.—One hundred and seventy-five prisoners gathered in raids by the Louisville police, in pursuance of "a general clean-up," were presented in police court. Judge Blain assessed heavy fines in several cases, while other offenders were ordered to leave the city, but the majority of the cases were continued for further hearing.

WILD MAN CARRIES TWO REVOLVERS

Utica, Aug. 6.—Residents north of Utica, and especially women and children, are being terrified by a wild man who is supposed to be insane. He carries two revolvers, a camp kettle and wears no clothing, except a cloth around the groin. He has been seen to roll in the dust along the roadway, picking it up in handfuls and throwing it above his head letting it fall over him, taking a dust bath.

He was last seen Saturday by a party of women who were picking blackberries. He fired his revolver at them and ran towards the women, shrieking like a maniac. He darted suddenly into the woods and the women nearly fainted with fright. One of them is down sick as a result of the fright. A posse is being organized to try and capture him, but as the fellow has two guns extreme caution will have to be used.

BUY EDISON MACHINES BEFORE SEPT. 15th

On September 15th EDISON Machines will be sold, complete with horns and cranes, at **advanced prices.** If you are considering buying an Edison outfit, buy NOW; as we can save you from **\$2.00 to \$5.00** if you want a flower horn. If you haven't the cash now, buy anyhow and make us only a small payment.

Remember,
after Sept. 15
you will have
to pay more
money.
